4 Free Registrations

Read How...

Now is your chance to be an **ACTIVE** participant in this year's NMAEYC Conference 2010. Join us and you will receive four free registrations and will help expand early childhood education environments through sensory exploration by presenting a series of hands-on activities in our Don Thompson Sensory Exploration Area.

As a presenter you will also have an opportunity to attend some of the seminars and/or the Keynote Speaker and a luncheon that will take place at the Conference for a nominal fee of \$18.00 per person (*Lunches are pre-ordered and pre-paid*).

This is also a great time to promote and to share the kinds of activities that children look forward to doing in your school or center plus, with 4 free registrations, there is enough coverage of your table so that you can rotate staffing the table to attend seminars. Please note, the activities presented must be developmentally appropriate and stimulating to the senses and must be available for viewing until 3:15 p.m. Table must be manned all day.

Participation is limited and registration will be closed once the limit has been met so sign up today, the deadline is February 1, 2010. Join us and we'll enhance each other's knowledge of hands-on activities by sharing ideas, which will stimulate children's development while respecting individual learning styles.
