STEM

in Preschool & PreK: A free workshop in Santa Fe, July 22

WHAT YOU'LL LEARN

DIRECTORS/PRINCIPALS

- Increase STEM instruction with fidelity across your program, support kindergarten readiness and achieve positive literacy outcomes for all children

TEACHERS

- Build your skills and confidence in teaching science and math
- Support children's identities as future problem solvers, scientists, engineers and mathematicians
- Increase cooperation with creative STEM centers and purposeful activities
- Receive contact training hours

PRESENTED BY NATIONAL SCIENCE SPEAKER,
DR. TERRY TALLEY

EVENT DETAILS

Saturday, July 22, 2017

Choose 1 of 2 sessions

SESSION I

9:00-9:30 - Breakfast
